I've so many fond memories of my aunt Susie. She always had a special place in my heart. Robin, April, Curtis and Aaron and your families, I extend my sincere condolences.

We send our loves and prayers to Curtis, Robin, Aaron and April, our awesome nieces and nephews. You were honored to have a beautiful and loving mother who blessed you and so many others with the giving of herself in so many ways. You will always have so many wonderful memories, of which we were so happy to be a very small part of. May our Father God be with you all this Celebration Day!! With many loves and hugs!! ❤■

So sorry to hear of Suzies passing. We had many enjoyable phone conversations during the past 10-15 years and I got caught up on lots of family history. Enjoyed her visit with us in Sun City and when we would travel through Utah. She will be greatly missed by all.
