Dearest Suzanne. I will surely miss our long and funny telephone conversations over these many years. ■ I will always remember you as the beautiful 19 year old older sister to me. God bless your sweet heart. Please give my JEB a hug hug for me. Love you honey. Gloria■■■■

Suzanne. Since your passing, I have done nothing but think about our time as children. You were 4 years older than me but somehow you were always my best friend. You were always happy, always kind, always sweet, always honest, and always patient with me. I will miss your quick wit and your beautiful spirit. I know that you have been welcomed home by a loving Heavenly Father, Earthly Parents, and many others who are excited to see you again. You will always be a Bright Spot..
