Spending the holidays with you Jenny Lynn and Jessie and ur son was the highlight of my year every year since I moved her when I found out you passed away I cried, because you reminded me of my grandmother a woman who was loved by everyone that loved her grandkids and family you will be missed Syd thank you for all of the laughs over the last 3 years that I have known you it has been a pleasure to know you. I love you Syd almost as much as Lane does. Fly high sweet grandmother and dear friend.

My cousin Syd will be greatly missed. She was my sounding board, always endorsing me. She loved my family to was always asking about them and bearing our burdens with us. She was an example of strength when Char became paralyzed and laid still for several years. It was our family tradition to have a big Christmas dinner with Syd's family and all my siblings. It was the highlight of Christmas and she brought light with her. My heart celebrates with her as she joined Char and many family members. I love you cousin Syd. ■Bev
