I’m very sad to hear about aunt Judi passing. She was the sweetest person . She helped me out a couple times to come visit with her and uncle jr . I love them very much and I’ll miss her. My condolences to you all.

I love this woman from the depths of my soul. She was always such an amazing part of our lives and my children adored grandma. She never missed anything in their lives. And loved unconditionally. Miss you forever. Much Love.
