The things we got up to when you first came to see me in the USA .Well we will keep that between us ■■ don't know who's reasons this do we mate . I'll miss our what's app chats but will never forget our last chat the night your beloved Liverpool F C won the premier league ,I'll keep those messages forever my little bro . You are leaving a fabulous legacy in Andrew , Laura Jane , Stephanie and Olivia , and telling me how you loved and how immensely proud you are of each one of them ■ Not sure if I've written too much , better leave some room for someone else . Keep Mum & Tony smiling ,(I'm sure you will) Until we meet again my David You'll Never Walk Alone Love you so much Paul & Julie xxxx

Where do I start…. Nearly two years have passed and it still fails me Dad. I can’t reason why you were taken so early, all I know is I miss you every single day. Your grandkids are growing up, Oliver is 6 tomorrow and Bella nearly 8. They’re learning about you now dad, and how much you meant to me. I hope I can make you proud, just as you’ve made me proud. I didn’t tell you that nearly as much as I should have, I just hope you knew how much I love you, always have and always will. Until next time old man xxxxx
