

Tammy Lee Nielsen

November 17, 1948 ~ July 14, 2022

Tammy loved her flowers. I think that's where Mindy first took me was her moms flowers because she wanted us to have starts of her flower garden. This tradition continued through the years with red hot pokers, ground cover, ferns, lilies, mountain geraniums, and so many more. Thank you Tammy for sharing your passion for ■ blossoms and growing things, and for raising an amazing daughter, Mindy, who I was so lucky to have met. Peace to your heart sweet lady. Cindy & Russ Ryan Family

Please accept my most sincere condolences on the loss of our beloved Tammy. I am so grateful to have had her as my neighbor, friend, fellow gardener, co-snow shoveler and then phone-a-friend during Covid after she moved to West Valley. She was such a sweet and dear caretaker of others. She will always remain a treasured friend in my heart, especially when I'm in my garden and when the snow falls on 900 East. I'm sure God has already assigned her a garden plot in Heaven with lots of children, cats, dogs, butterflies, birds, bees and horses freely running around. I'm hoping she will put in a good word for me so I visit her when my work here on earth is done. Love and warm hugs, Elizabeth
