

Tanner TR Collins

December 18, 1991 ~ October 22, 2020

My thoughts and prayers are with the Collins family. Tanner was an amazing person. He lit up the room which ever room he was in.

- Richard

Hello, I work at Weldship Corporation in Bethlehem, PA., where Tanner's obituary was recently posted on an info board near the shop that I work in. My deepest condolences to friends and family. My interactions with Tanner were always warm and genuine. I felt a very great respect and affection for him immediately. I was able to give him several rides home to his apartment in inclement weather and he was so gracious. In his work, he was safe and displayed commanding skills. Apt and aware. An asset to his environment. I find it difficult to adequately express my sense of sorrow. His presence I noted whenever we met with smiles, bumping fists, or firm, cordial handshakes. I looked forward to seeing him. His life touched mine. Thank you for allowing me this space to share this. I am so sorry for your loss. My warmest regards, Frank Pavlick
