

Terry Lynn Tippets

April 13, 1950 ~ July 14, 2020

I have many fond memories of Terry. We met when I was an electrical engineering student, and his enthusiasm for the field and encouragement about the possibilities were valuable to me. He certainly had a passion for cars, skiing, and Sally (among others, and not necessarily in that order)! I know he'll be missed. Condolences to the family.

I worked with Terry ever since he came back to SLC as an engineer in the consulting business. He was always fun to be around and positive. I was so sad to hear of his passing. I will miss him.

Sally, we live in your last neighborhood in Farmington. Our thoughts and prayers are with you. We are so sorry for the time of separation you now face, and pray God's peace, help, and love will be with you all your days. We are thankful for the things you and Terry taught us through your comments and testimonies in our ward. Thank you for the joy for life and faith you shared with us.

Terry taught my brother and I to play "fish" when we first met in our pre teens. Later in life he dragged me out to the airport and we started jumping out of airplanes together. If there is a metaphor there I don't know what it is but I'll never forget either experience because of Terry's exuberance. Always "on" always up for the action. He'll be missed.

Sally and Family, I was saddened to hear of the passing of Terry, my heart aches for you. What a wonderful sense of humor, always a smile, a true friend. May God bless and comfort you in your loss. My thoughts and prayers are with each of you always at this difficult time.

Terry was a really good friend of mine, one of my favorite memories is hiking Kings peak with him, it was really tough. He was a really good friend to me and my dad, I'll always have those great memories, and the laughs that we shared. My heart goes out to his family.

Sally and family, Ann and I were saddened to see this notice. Terry was one of our favorite people at Spectrum. He was always friendly and enthusiastic. I liked having him in the next door office. I will never forget the day he and I spent on the salt flats. He was so happy with his 130 mph achievement. We hope you and your family will be comforted by the memory of his gentle manner.
