Sherrie, So sorry for your loss, losing a sibling is always rough, but when your twin passes it is like losing part of you. Regards Jim & Christie Divver

Having worked with terrie for 30÷ years, she will be missed. She always had a positive attitude and was willing to help any way she could. My heart goes out to her family.

We are saddened to learn of Terrie's passing. Although time and distance have made our path crossings with Terrie intermittent over the years, she has always been such a true friend. There are so many fond memories of which she was part in our Glendale neighborhood, at South High, and sometimes beyond. For her family and friends we express our hope for Heaven's comfort as you cope with her passing.

To my step mom the only mother I had that took care of everything. She did her best as being a mother to us all. I will miss her so much and my heart breaks that I never got the chance to call her on Christmas and wish her Merry Christmas! She was the mom that would make sure every Christmas I had at least two things I really wanted for Christmas and more! I will only remember her with the love she gave me and us all. She was the woman that didn't know how to rest but just give to others and worked. The only peace I have is now she can rest and be happy with my father (Micheal Anthony Vreeland). She loved my father and missed him so much, because of my step mom I

have realized the concept of family and motherhood. How important family is I'm going to miss my step mom and always love her. Rest in Peace mom!

Terrie wasn't a sister by blood but we were sisters in heart. Thru high school and all thru the years since--- we've been close. I consider her one of the greatest examples of Christlike love and service rendered to all she knew and those she didn't. She served all..... She was always special and I will miss her laugh, sense of humor, kindness and sisterhood as I travel the rest of the way without her. 50+ years and it seems like only yesterday since we met in pep club. What a beautiful daughter of God and how privileged I have been to have had her grace my life. You were and always will be beautiful, my BFF, sister and example of all things good. I love you forever and look forward to your hug when we meet again. Love ya kiddo ( you'd always say) Cindy

With a heavy heart, my deepest sympathies to my Family & Step family, along with all who knew and loved her. She got me a job at continental steel, and when Dad died, bought me a shirt to wear with my dress for his funeral, 'any new shirt I wanted at the store. I just remembered it. I still sentimentally have that shirt in memory of my Dad. Now that sentiment has enhanced meaning. My favorite memory of her is when I found out she fluently had a hidden talent to play guitar. She knew lots of top 40 songs and was really good. When she played she glowed, literally glowed. Her smile glows. I remember I was in awe of her, she didn't come across as someone who played guitar but she did and when she would stop playing I'd beg her to please keep playing and she would. She was really good. I appreciate her for marrying my Father, taking me in, my brothers & sisters in, making us one family with her own, despite the challenges we may have come with. Even when Dad died not long after, Terrie still embraced us, kept us in her family & within safe warm arms she stayed our Mother and saved us. Thank you Terrie, I love you. Be with my Dad & your Dad in Heavenly Mother & Fathers arms now in Love and in Light.

What a beautiful tribute. Terrie was such a gentle, kind and sweet spirit. I know you must all be hurting but how blessed are we that she left lasting memories and her love will always be there for us to fall back on. I feel honored that she was my cousin. So many years (especially as we were children at our grandparent's home for Sunday gatherings) fill my heart. Terrie we cannot see you but you will always be beside us.

I have always enjoyed being around Terrie. When we were teenagers and I spent time at Kathy's house I always looked forward to Terrie's quick wit and fun nature. Whenever we have met in the last few years she has always been so happy and glad to see me. That was just the way she was with everyone. She was an amazing lady and I'm glad I knew her. I pray the you will receive comfort and peace knowing that she is in Heavenly Father's care and she will be watching over you still.
