

## Terry Firth Wallin

*June 18, 1946 ~ June 9, 2023*

---

Terry, I remember you as a teenager when I was a teenager you were always so fun and I loved your kids. They were all so fun. I'm sorry to hear of your passing. My dad passed away last year shy of 101 years old. he was amazing and he always liked the Firths we really enjoyed your family. We had some good times with all you guys. I hope your kids are doing OK. It's hard to lose a mom. My mom's been gone for nine years and my dad's been gone a year and it really is hard to stay close together then you'll make it, come visit us at the ranch call me and I'll give you the combination and you can visit us. We love it take care all you grandkids and kids. Your mom was a great girl and your family. We loved love, Wendy Moench i'm sorry I couldn't make it to the funeral. I know it was private but I wanted to send my condolences I live at the Foothill assistant living and I have heart failure so I'm not doing too well and so I just wanted you to know that I was so sorry to hear about. Terry.

- Wendy Moench

---

Terry and Bruce have been special Salmon friends for many years and I miss them. Kent and I spent many hours on river and temple trips with the Wallins. And Terry was always a willing friend to go to Hamilton, Montana with me for one reason or another. I was happy on those trips to hear stories about how her family was doing and their adventures. I hope this message gets to Bruce and her children because I want them to know how much I love their wife and mother. I also hope Terry and my Kent are enjoying reminiscences on the "other side".

I was so very sad to see that Terri had passed away. She was my young woman leader , while she lived in Garden City ( Bear lake). She impacted my life so very much during my formative years. How I wish I could have seen and talked to her before she passed away. Rest easy, until we meet again.

I wondered where you had gone. I've thought of you over the years. I remember you teaching my kids to ski when you took yours up to Beaver. AND you taught them to swim at Ideal Beach by throwing them in the pool. You have been greatly missed.
