Terry you are greatly missed by your sisters and all of your nieces and nephews. You're home with Heavenly Father and you can now run and play with no physical pain. I will always love you. Have a wonderful time with Daddy, Mommy, Roby, and all of our Aunts, Uncles, cousins and our grandparents.

I've known Terry since my son Jeff was in scouts. I admired Terry so much for his enthusiasm for scouting. He is a wonderful person that I enjoyed knowing. A special spirit sent by heavenly father.

Terry and I worked together for 18 years. Terry Brown was the most reliable and caring person I have the privilege to work with. I always tried to include Terry in all our luncheons. I have shed tons of tears.

I only knew him for a short time but he was fun and sweet and I enjoyed the big time I spent with him broke my heart to hear that he had passed away while I was on vacation and South Dakota.
