

Thomas "Mad Dog" Williams

January 13, 1950 ~ March 5, 2022

Mad Dog was the greatest Commanding Officer I ever had. He was a great leader and mentor. I was one of his minions at SEAL Team 2 when he was Commanding there. I have a picture of him giving me an award from Desert Storm at ST-2. His memory lives on with me forever. HOO YAA Mad Dog!

- Kirk Womack

Tom was such a wonderful friend in our little community up here in High Country 2! He was always friendly and would help anyone. I used to try and bring the neighbors cans in before he could, but Tom was always on top of that. He had a good head on his shoulders, and I'll miss chatting with him. I feel fortunate to have known Tom! Peace to The Williams Family!

Dearest Terri Words, thoughts or intensions never seem to fully express our feelings and love for one another. Tom was a good man to his family and his country, deserving our utmost respect. Be proud as he is honored. We love you. Alice Mae

CAPT Williams was a mentor to me as a young NCO and Officer. As his SJS, while he was Chief of Staff, we shared many hours of staff guidance, leadership and strategy. I have enjoy a blessed future and he was one of the mentors that helped shape it for me. RIP Sir!

- CPT (R) Brian Kent

Tom was one of the most professional SEALs I ever knew. He was always about the SEAL in the field - how to make his gear better, how to make him better. But even more importantly he was a very nice man. He was one of the best men I knew and I'm sorry that he passed away without one more discussion with him.

I just received the UDT/SEAL Association Bereavement Announcement in my morning traffic. My wife Regina and I offer our sincere condolences to CAPT Williams' family and friends. I was just commenting to my coworkers yesterday that there have been too many announcements of great leaders passing from the Naval Special Warfare Wardroom this year. This man tops that list for me. In my 39th year of Navy/DoD Civilian service, I've yet to see another leader who better epitomizes the concepts of the "Quiet Professional" and "Servant Leader". Long before the Special Operations community coined the term "Preservation of the Force and Family", "Mad Dog" made the Teams and our families Priority Number One. I was blessed as a SEAL Junior Officer to have him as my "Skipper" at SEAL Team TWO and then my Commodore at Naval Special Warfare Group TWO. "HOOYAH!" Mad Dog.

Dear Williams Family, I am so very sorry for your loss. Captain (ret) "Mad Dog" Williams made such a tremendous difference in so many lives. The best mentors are those that don't even know they are mentoring you! "Mad Dog" mentored me over the course of almost five years and countless planning events and joint force exercises. I observed him taking advantage of every "teachable moment," encouraging junior and senior officers and enlisted sailors without ever once being the slightest bit condescending. He always lent me a helping hand and sage advice and I will be forever grateful. I feel so blessed to have known him. "Mad Dog" you will be missed. Sincerely, "J9" Ehret

Sending love, thoughts, and prayers to you and your family during this time. Tom will be missed by all who knew him. I am grateful to have known him as a colleague. He was a wonderful person. ■■■■

Teri and the Williams family, I am so sorry for your loss. I had the good fortune of working with Mad dog on several different occasions. He was my CO, my Commodore, and my Chief of Staff at various commands. I admire him as an officer, yet I admire him more for the man he is. He taught me a great deal. As a matter fact he taught me the meaning of the term "leadership challenge". I will miss him. I'm a better man for knowing him. Please accept my heartfelt condolences in this trying time. ■■■■■■■■

Another Eagle has ascended into heaven. Tom's wit and humor always made me laugh. Also, his tenacity when he was our COS in the late 90's and as a fellow contractor inspired many of us to do better in every aspect of our lives. Miss you my friend!!!

To the family of Captain Williams, I offer my most sincere condolences to the loss of your loved one, he was an amazing leader, mentor, and great American! I first met "Mad Dog" when he led a team of joint special operators on a very politically sensitive mission to Europe and he became one of my most treasured leaders and mentors I had

over 30 years of service. I saw him occasionally after we both retired and he served our nation until the very end. I hope you can take some solace in the fact that he touched so many across so many military services and commands. I am very saddened by this news but grateful that I was able to serve and work with him. May God Bless him and you all. Colonel Edward "Otto" Pernotto, US Air Force Reserve (Ret.)

My thoughts and prayers are with your entire family. It is a most difficult time but may his wonderful memories comfort you. I had the opportunity to know Tom at St. Andrews, his spirit of gratitude, I generosity, integrity and caring identified him as a remarkable man. In Bible study he always amazed us with his keen knowledge and added a wealth of information to our discussions. He was a significant member of our parish and he will be missed. A Mass will be offered the repose of his soul.

Tom was a man of few words. He always seemed to be at work underground, shoring up foundations that most of us take for granted. He was our Water Master here in High Country, a thankless job on a system serving over five hundred vertical feet, not designed to take those pressures. I remember seeing him standing in the rain and mud as Van excavated yet another burst pipe at the bottom of Shaggy Mtn. Rd. He did for free what we've since contracted Herriman to do in exchange for our water right, worth millions. To enlist in in the military in 1972 showed he had faith in our institutions and our country at a time when others were questioning that faith, when there wouldn't be a lot of gratitude coming his way; and when he would be putting his life on the line. It seems everything he did was shoring up our taken for granted foundations; on the High Country board, in the military, in Bible study - working on our hidden infrastructure for water, freedom, and God. I keep thinking about his summary report at the last homeowner association annual meeting. He ended with, "This concludes my brief". He will be missed, both in his person, by those who knew him, and in his works by those who took him for granted. My condolences to Terri and

family.
