Dear Cindy and family, very sad to hear that Tom passed. Tom was one my first friends, when I moved to the U.S from England, many hours playing drums with Tom on guitar. Tom will be missed. Although we did not see each other, the memories are vivid. Peter Chadderton

To the 1st man in my life to be kind to me. I loved you. I broke bread with you many times in our lives. You sheltered me during many storms of my life. At 1st you did not like me, as any good father would, when a young man came calling on his daughter. But through the years you showed me kindness and extreme patience when I acted immaturity. You gave when you had none to give. You accepted when you had every reason not to. You smiled through pain You made me feel okay to be without others I thought I needed. You showed me " it was okay to walk alone" You showed me that a man is only as good as his word and you kept yours, always to me. You showed me how to hustle, and you always did. You were a provider and a good one at that. You loved your children so much and treated me as one of your own. (I appreciated that) I respected you in life and will in your

passing and forever in my heart. YOU WERE A GOOD MAN. A good example of how to be a good man, to me. I love you Tom Carnell

Sending my love and prayers to the whole family. Tom was such a great man and I am honored to have known him. Thanks for putting up with Shelley and I's shenanigans when we were just we little ones. :)

Many years ago I met Tom when he was a salesman for Cheif frame racks. I bought one from him. Little did I know how talented he was playing the guitar. Years later we were playing in a band and had many hours of mutual pleasure playing all of the classic rock songs. We spent many nights jamming at Pete's house. Good times. My brother I'm sorry that you had to leave us so soon! You will be missed. For his family Please accept my heart felt condolences at this difficult time. I love you all !
