Tom and I grew up together side by side for a long time. We would drag state street on the weekends. We joined the army together it was no fun but we delt with it . He was the life of the party.Tom would come and tend bar for me on the weekends. I think he would drink more then would sell but we had fun. Tom will always be in my memories

I was very sad and surprised to hear of my youngest uncle's passing. Although we had not seen each other for many years, I have so many memories of us as kids. He was a very funny kid and a fantastic man. A very hard working and loving man. It is a great loss in this life with out his big smiling and loving face. He is greatly missed already

I was deeply saddened to hear that you have left us to return to our Lord and Savior, Jesus Christ. Our loss is His gain! Although we knew each other for many years, time and distance didn't allow us to be as close as we could have been. You've always been a unique and spirited individual that many of us are going to miss. You were talented in so many ways and we are grateful for your lightheartedness and presence in our lives. My prayers are with your family and friends, and the many that you touched while here with us. You will be dearly missed Tom!! This bud is for you, my friend.

So sorry to hear about Tom’s passing and my heart goes out to you for the loss you are suffering. As heartbreaking as this is, it is hard not to smile when I think about Tom. Seeing the pictures brings it all back. He was so quick to deliver a punchline, jump on an opportunity to have fun, or immediately offer to help on any project. Tom was a tortured soul in some ways and that occasionally came out, but he could quickly turn that part off and be the better person. Tom brought incredible value and fun to friends and family in his circle, and he loved his kids and grandkids so much. I have no doubt Tom was welcomed by those that went before him, and that he is in a much better place now. I can imagine them laughing and talking and the joy Tom must feel to be reunited. I would not be surprised if a beer or two was involved. I celebrate the life and gift that Tom Kelly was to us. They don’t come packaged like that very often and we will miss him.
