I sure liked Tim, I didn't get a lot of time with him but everytime i saw him on a job he was always a heck of a guy, not to mention his real carpenter skills. Always admired his abilities. He'll go down in my book as one of the best.

When we were kids we once left the freezer open in the summer and used all the frost to make snowballs and threw them at cars. When someone would come screeching to a stop we would run out back and up the ditch to 20th and over to Tims house. It was probably his idea. I don't remember. Love you Tim. Till we meet again.
