I only knew Tom when he was a young father in Iowa. When he and Joan joined the church, he brought energy to our branch that was so welcomed. My father was branch president so we enjoyed getting to know them making home made ice cream and dinners at the Rohovit home. At different times, Tom was my seminar teacher, scoutmaster, softball coach, basketball coach, and mentor. He enjoyed being with us kids. He drove us to church basketball tournaments in Des Moines and Omaha. I find myself remembering so many childhood experiences that Tom was a part of. Many of these tournaments, campouts, and spiritual events may not have happened without

Tom's enthusiasm. Tom sincerely loved us. The funeral today was beautiful. I see that his life after Iowa had been very full. I see that he has touched hundreds of others the way he touched me. I was only a child/teenager in those days but I think so often of the good times we had and the positive influence he had on me and all the other youth. I tried to reconnect with him many times to express my love and appreciation. I never got an answer. Today at the funeral I caught a glimpse into the busy life he has enjoyed here in Utah. To all of you that mourn Tom's passing, my shared grief understands. He is a unique spirit that we all want to spend more time with. Please be comforted in the knowledge that we will.
