

Toni Ann Hansen

February 8, 1973 ~ January 18, 2026

My heart goes out to all of the family! You Toni will be missed a shining light that still burns bright in the afterlife always!

- Phillip Peck

Bless your soul Tony, you left us so fast that I can't imagine. God always picks the most beautiful flowers, and it's not fair.

- Sally

We are so sad to hear of her passing. The boys and I remember her from WSD. She is the nicest person and always had a smile for the three of us. Our condolences to her family; I know she loved so much.

A true angel in this world. Someone who deeply touched the lives of me and everyone she met. I wouldn't be here today if it wasn't for Toni. My heart truly goes out to everyone affected. Her love shines on.

Dear Hansen family, My deepest condolences to all of you. Your mom and I shared our love for Track & Field through the HS stats of the triplets and our love for the outdoors through our ranch animals when we celebrated your 15th birthdays. She told me all the news about all of you, and Artemis, all the time when we were together at WSD. I am thinking about her as I watch every sunset and the moon as it grows. May her deep love for you sustain you as you navigate her loss. ■
