

Troy Allen Boone

July 20, 1962 ~ January 24, 2024

We express our heartfelt condolences on behalf of the entire Stryker Neurovascular SLC family. Troy's 22 years of services helped Stryker through major growth and change over the years. We would not be the same without his dedication, commitment, and experience. Troy's influence is felt by many of his colleagues with whom he built meaningful friendships. We know there are no words to ease the pain you are feeling but know you are not alone. Troy will be missed by everyone at Stryker who had the privilege of knowing him. With our deepest sympathies,
Stryker Family

- Stryker

Troy has been our neighbor since we moved in 7 years ago. He was quiet but always kind to us. During 2020 he made sure to ask if our family was staying healthy and if we needed anything. We always knew it was Sunday because he would start up his Mustang and rev the engine....it always made us smile. We were heartbroken to hear of his passing and we give the family our deepest condolences. Today and always, may loving memories bring you strength and peace. We will keep you all in our thoughts and prayers. Brooklyn and Jared Harmon "your neighbor"

- Brooklyn and Jared Harmon

My closest friend and partner in crime (so to speak) my sweet Troy. I could never imagine my life without YOU. Yet, here I am. There is no greater honor, than to help someone you love in their time of need. Thank you for letting me be that person for you. We all miss you so much. Mandi, Nisha, Casey and I have become a great support system for one another. I'm grateful we aren't all drowning at the same time. Our son is so much like you. Sometimes when he speaks, I turn around expecting it to be you. I know you are as proud of him as I am. I saw that tear fall from your cheek and I knew the angels were there to take you home. I cherish the time we had. Infinity my love. Infinity.

- Dawn
