Sorry to hear he passed. What fond memories I have from meeting him. He always made me laugh. What a wonderful down to earth guy. He was the nicest man you could ever meet.. What a nice long interesting life he lived.. Love to the family. Bev

Dear Baker family, It is with great sadness that I learned of Forrest's passing this week. In the past few years I would call him from time to time to check up on him. I know that he missed your mother so much when she passed away I could hear his tears when I spoke to him, to be without his eternal companion. It has been a great pleasure for our family to be associated and counted as a friend to your family. We all have great memories of your father and stories that he told as well as the hunting trips that my father and Forrest shared together. Please accept our sincere condolences and we wish you the peace that our Lord and Savior can bring at this difficult time. With love, The Lambert-Hnath Family (Carey, Roseann and Alex).

May you have the peace and consolation of the comforter at this time of parting, with faith in the knowledge of the resurrection when you will be reunited with your loved ones. Forrrest, we didn't know your father well, but on the rare occasion when our paths crossed we enjoyed his sense of humor. We hope you and all your family are well.
