

Ulrich E. Zeisler

March 18, 1928 ~ October 15, 2021

As presadent of the terrances of rose park it was always a pleasure at our meetings and his humor. Ive missed him ever since he moved. Your loss is also our loss.

- John littlefair

We miss our good friend Ulli. We had the privilege and honor of being associated with him for so many years in our Rose Park 3rd & 1st Ward days. Many of our church callings gave us a great opportunity to serve and socialize together often. As a drafting student at Utah Tech I occasionally got a chance to say hello to him there as well. In more recent years we found ourselves attending the Bountiful Temple together and enjoying a good meal afterwards with Ulli and Elden at Chuck-A_Rama. Our condolences and love to his family, Rodney & Carol Hatch

- Rodney & Carol Hatch

Thanks for many years of friendship and working together at the college. You started the program with the U.P.R.R. and I am still working with them. Thanks again for your support and encouragement through the years.

- Stanley Lawrence

I am sorry for your loss. Ulrich was a real asset when the Coast Guard Auxiliary was assisting in teaching the Personal Watercraft Education program and also providing the boating safety message on Utah's lakes and reservoirs. He will be missed. Ted Woolley Utah Boating Law Administrator (Retired)
