Dear Family and Friends of Uli, Uli was, and will continue to be, a bright light. Her influence touched all those who had the honor of knowing her, no matter the length of the friendship. We were honored to help care for her and will remember her optimism and kindness. May all be uplifted by the memories of her life. With love, Suncrest Hospice

We knew Uli through our SLC 14th Ward and appreciated her enthusiasm and cheerfulness. We hiked with her above Alta several years ago and her love for the mountains was evident. We enjoyed hearing her stories about hiking through the Alps. She was always kind to our daughters (now ages 3 and 5) and we will miss her. We hope that you all feel the Spirit of peace during this time.
