

Ursula Elfriede Black

July 27, 1935 ~ December 8, 2021

Ursula was such a staunch member of our ward and I always enjoyed my visits with her. Happy that she will be reunited with Marion again.

- Carol Wilkinson

Ron and Diane. I am sorry and willl miss talking to her. But I know how happy she will be to be with Marion and Ranata and carman. You will miss her but now she is free of pain and is no longer ill. Take care both of you and remember to tell the gr children the story of her life. Love lucy bodily

- Lucy bodily

Ursula is an elect lady and she has received her Celestial Transfer. I love you dear friend and will always remember you, your husband, Marion, and the wonderful examples you both were to me in our Monument Park 6th Ward as a Relief Society President and Marion as a great Bishop. Until we meet again, God be with you, dear Ursula.

- Sharon Oh

We want you and Andrea to know how sorry we are about the passing of your mother, Ron. We did not see this until this evening. What an interesting life she has had. Coming to America and learning a language. Leaving her homeland and making a new life here. As I look at her picture, she looks like she was a happy person and full of life. I am sure she was a great Relief Society President and worked hard at doing the things that she needed to do. I am sure the sisters loved her also. She raised a great son and we are so glad that your family moved to our ward. You are such a good family and always serving others. Sincerely, Kent and Sharon Smith
