We express our condolences to your family. In reading Dell's obituary, a flood of childhood memories of living across the street from your family has filled my mind. You've always been so good to our family. It is our prayer that you will be blessed with peace at this time. Your family will be in our thoughts and prayers. May you know of our love for each member of your family, and of the gratitude we feel for having known your great husband and father.

Betty and family, It was a privilege and honor to get to know and to work with Dell when he was at URS. I was assigned to handle the URS real estate investment account when I was employed at CBRE, so I was able to spend time with him on many business trips. I always enjoyed his company. He was a role model, both personally and professionally, displaying integrity as well as a sense of humor. I had fun playing golf with him on different occassions, and also enjoyed the homemade dinners that you graciously offered to prepare for our group on occassion at Sand Hollow Golf Course. My sincere condolences to you, your daughters and the entire family on the loss of a great man. He will be missed. Jim Bell jbell10599@cox.net

Dear Betty and Family, We just finished watching the funeral. They all did such a great job of picturing Dell as we all knew and loved him. It is so difficult to know we are at a place where we can't enjoy the adventures of life as he always did from the very beginning. I actually remember the story of the chocolates and what a smarty he thought he was. We will miss hearing from him until we all get together again. He was "one of a kind." His posterity are numerous as they are beautiful. We hope that will give you comfort. Please know we love all of you. Love Pat and LaMar

Dell had such an impact on the Dean Gillen Family. When we think of Dell, it brings a smile to our face. So many good memories of Dell. Dad (Dean) loves his cousins and talks about so many memories and the fun they had of growing up together. These are cherished memories!! We are deeply sorry and know this difficult transition is not easy to navigate through. We love your family and are here if you need support, don’t hesitate to reach out. With heartfelt condolences, we are sending so many thoughts, love, hugs and prayers to your family!

Betty & family, I was so sad to learn of Dell's passing. He was one of my favorite people to work with at Utah Retirement Systems. He was always so fun and upbeat and made the job such a pleasure. I remember wonderful Christmas parties at your house. May your sweet memories of Dell ease the grief and and sadness you are feeling. I'm sending my sincere condolences.
