Heartfelt condolences to your family. What a tremendous life Terry lived. When I was in third grade my family moved to Salt Lake City mid school year and I was truly a frightened little girl entering the classroom of total strangers. At recess the teacher picked two captains who were to choose a team to play softball. We stood in a line on the grass for the captains to see us. I was so uncomfortable and so embarrassed and was certain that I would be the very last one chosen because no one knew me and nobody would want the new girl on their team. To my surprise and delight Terry picked me very first! From that point he and I were dear friends that year. I have never forgotten his sensitivity and his kindness - so unusual for a young boy that age, and have never forgotten Terry Sanford. From his life sketch it is obvious those and countless other outstanding traits make up the story of a great man. You as his family are blessed and no doubt are to be credited for the success of a life well-lived.

Such fond memories growing up with Terry. He was my first boyfriend (Kindergarten through 6th Grade at Onequa). I remember his stollen kiss on my cheek on the playground in Kindergarten.) I hold a soft place in my heart for him. Condolences to his family and loved ones. Ramona Luker Watson

So sorry to hear of passing of Terry. He was an all around talented guy. So sad a disease would take over his mind and shorten what should have been a great life.

Carol- It was such an honor to serve with Terry in the Draper Temple laundry. He was such a sweet, kind man with a unique zeal for life. During our time together he was really my pal and I felt his loving spirit. I only wish I could have know him many years before. It is a blessing you had so many wonderful years with this honorable disciple of Christ. I wish you peace and happiness until you meet him again. Dennis Smith

Carol, so sorry to learn of Terry's passing. Sadly, I won't be able to attend the viewing as my wife is currently undergoing chemotherapy. Our thoughts are with you and your family. I first met Terry when we were 14 years old and played on the same Cops League baseball team - we were 19-0 that year! At West High we were on the 1965 Baseball State Championship team; he was always a leader and always had a great story to keep us motivated; I don't know where he got all of his jokes and stories before the advent of the internet! He was always a strong competitor and it certainly showed from his life. You and your family can really be proud of him and a life well lived. Wayne & May Lynne Neeley

How could anyone forget Bishop Sanford?! What a wonderful, happy man! He made my family feel so welcome in the West View ward. And I do remember looking up at McDonalds (across the street from Disney Land) and thinking, "that looks like the Sanford twins!) And of coarse, it was! I am so very sorry that you have lost this wonderful man, for a time! May you all have comfort and be assuedly at this time. He will be watching over you all and awaiting your arrival when it's your turn to join him! Know that your family is loved by many and will be praying for you. Sheri Christensen and family

Dear Sanford Family, Just wanted to send a little note and say how sorry I am to hear of Terry's passing. His obituary was just beautiful and so fitting for him. Throughout my life I have always heard such good things about him. I have few memories of him as he was an older cousin and I was one of the younger ones. All of my older sisters loved him and spoke so highly of him. Many years ago I remember going to a reunion at Fred and Bonnie's, he and Carol were there and I had a chance to visit with him, during that encounter I could tell that he was such a good person and a lot of fun as was Carol. My mom Aunt Lu always loved all of her nieces and nephews and thought so highly of you. I know it is so hard to lose those we love and we miss them dearly. During this time of sorrow, our family will be praying for you and keeping you close in thoughts and in our hearts. May you be blessed with peace, sweet memories and the love of our Savior during this difficult time. Much love Tova Donley Taylor & Family Layton, Ut.

Carol and family, Grant and I were saddened by the passing of Terry. We remember the good old days when we were in the Sunnyvale 4th Ward with you and your family. We even remember the twins, only a month younger than Amy, our youngest. We have been back in SLC since 2003, Wish we had known that you and your family were here so we could have spent some time with you. Hope all goes well with you and your family and hope that this message will lift your spirits a little. Sincere Sympathy, Grant and Carolyn Head and family.

We only knew Terry because we sat behind him in section YY two rows down from the top of LaVell Edwards stadium at BYU many years ago. He was so much fun to sit behind (on his Stanford stadium chair) We enjoyed talking with him and really missed him when he didn't renew. But we still remember him even though it's been about 20 years because he was such a great man. We offer our sincere condolences to the family. Though our contact was brief it was very meaningful. May God's choicest blessings and comfort be with your family.
