We were stationed together at Mather AFB in the guidance shop. A really nice guy and a A Team guidance and electronic technician. I am so sorry to hear of his passing.

- Thomas RIder

I am so sorry to hear about Vance. I was so hoping to see him again soon at Harmon's. It was always so fun to visit with him on a regular basis. We knew each other from working together at BD Medical and we were also on the swim team at BD. We would even run into each other at the grandkid's baseball games. I will miss him dearly.
