It's so hard to believe that Joy is gone from us. I loved working with her in the Department of Pediatrics. She was not only knowledgeable and efficient, she was a literal joy to be around. What an apt name for her bright soul. Chris and the rest of Joy's family, my heart is with you as you move through such a profound loss. ♥■

Dear Chris, Joy helped me with a few grants before she advanced to higher positions. She was such a positive, caring, efficient, and kind person! I worked with her around the time you were experiencing ICU needs so I know how much she loved you. I am so sorry for your loss. I donated to your barbecue. I wish I could send even a fraction of the joy that Joy gave us all Michelle
