

Vella Sidney Neil Evans

March 9, 1934 ~ September 14, 2021

I remember your dear mother with fondness. She showed me great kindness when I was a college student in New York. Much love to each of you. Cindy & Wayne Abernathy

As I sat through this morning's celebration of Vella Evans' Life, I kept thinking how fortunate I was to have known, very early in my life, my next door neighbors, Wayne and Vella Evans on 12th East and what a blessing they were in my life.

Lark, Nancy and Pat (unfortunately don't know Neil but did love his tribute at funeral) I love your Mom and Dad. I was fortunate to have them entrust the care of you girls to me as a young teenager ! Loved being in your home and always fascinated with Vella and her sweet, quiet way as she gave me instructions in your home. Needless to say she is a beautiful woman and had a very fascinating life. I recall meeting her great aunt who was in your home at times. Your dad was so energetic, always friendly and seemed fun. It is a delight that we share wonderful memories of 1246 and glad it is still well loved. (I noticed in her program photo the round, stone tower in the backyard corner - such a beautiful place!) Wayne and she raised wonderful children - glad to know you and hear of you in various places. Unfortunately I didn't hear of Vella's passing until yesterday afternoon or I would love to have seen you at the viewing. Know my thoughts are with you and I enjoyed listening to the service online - it cut off before Lark and Nancy spoke - If there is a way to hear them, let me know. Take care and may wonderful memories sustain you. Love Laura
