

Veona Densley VanderLinden

December 23, 1924 ~ October 11, 2021

Veona is one of those precious people who love you for who you are, She and I spent many hours talking and sharing stories. She will always have a spot in my heart and memory. I will miss her. I send my love to the family and wish that they can keep the memories of Veona alive in their hearts.....I surely will. Love , Mary Pinkham

I am so sorry to hear about my sweet friend Veona passing away. She leaves an empty spot in my heart. She was such a dear friend and I loved our visits together. I loved to listen to her stories and the loves of her life. She loved her girls and her many many grandchildren. Especially the little ones!! She loved to show me the family picture books her daughter Andrea made for her. I know she missed her husband Henry. I know she is with Henry now and her daughter she lost to cancer. She was my ministering partner and I so enjoyed going visiting with her. The sisters we visited loved Veona’s sweet spirit!! Rest In Peace my sweet friend!!

I wish I had known Veona passed away. I am one of the grandchildren of Henry. Veona was always very kind to me and I have many fond memories of her. After my grandfather died the family kind of lost touch but I will always be great full for the time we did have.

- Michael VanderLinden

I no longer work at Orchard View I now do private care. I enjoyed taking time to visit with Veona. Ehen she didn't sleep to well some nights I would sit with her and talk of many different things. I loved hearing about things that happened in her life and how Payson was many years ago. She has taught me things of the past and shared her family and pictures. She is a loving woman. I so hope to see her again when we meet our Savior. I loved her daughter Andrea. Her sweet smile and saying hello to her when she came to visit her mother. Veona became a dear friend and I hope to carry on that friendship beyond the veil. I will always love you.
