November 4, 1934 ~ October 23, 2024

So sorry to see all of my friends pass through the veil! We had such a great time to live in Vernon! We were so very blessed!!! Not many of us left to remind everyone of what life can be! Thank you dear Verna, you were a great example to all of us! I remember going to your bridal shower, I think you were one of the first then! Love to your family!!!

Hello Rostrom Family, Verna.always made us feel welcome whenever, wherever, and whatever the event she always showed a caring and very personable presence with a wonderful smile and a genuine hug. We enjoyed the family times with her and David. Many good laughs, jokes and some tears will live on forever in our memories of your family. Our deepest sympathies, thoughts, and prayers for family strength are with you.

What a wonderful lady. Sam and I recently visited Aunt Verna and she said several times how good her kids and grandchildren were to her. She truly loved and appreciated her family.I will miss her laugh and how welcomed I always felt in her home. I’m sorry for your loss and look forward to when we’re all together again.
