I’m so sorry- she was a great person. I loved to sit outside in front of her and Bill’s house or on the back porch talking to her. Her gifts she gave me that she made were all special and cute. I’m glad she’s not in pain anymore. RIP Vicki I wanted so much to go to the viewing, but I can’t drive :-(

My dear friend has left this life and I feel sad that we weren't able to get together one last time. I have thought of her often this past year. Even dreamt of her. I can only imagine the loss that her family feels. She has the sweetest, kindest and most thoughtful spirit of anyone I have known. I am sure she will be looking after her loved ones from the other side. I love you Vickie. ■
