

Atunaisa Fonua

September 26, 1956 ~ May 18, 2017

A terrible loss for anyone who ever knew Naisa, as we all called him. I worked with him for most of his 31 years and you could not have had a better employee and to me one of the best friends I have ever known. We had so much fun at work regardless how hectic the day was but the real fun came on our weekly golf games. I also had the pleasure to play a round of golf with him and one of his sons. After I retired he would call me and we would reminisce about the fun we had at work. When his phone calls stopped I wondered what had happened and was shocked to find the obituary on the internet yesterday 12/10/2021. I am deeply saddened by this loss and can only imagine what the family has lost. He will always survive in my memories. Rest in Peace Naisa, You have earned it!!
