Mark and family, So sorry for the loss of your father, grandfather. It is not easy to deal with a death of any loved one, however, I am glad he is free the horrible disease of althimzers. Heartfelt condolences to you.

Dear Margene, Tim, Mark, Cindy,& Matt & all your family. We want to send you our Love and Condolences. We Love you and know the loss of Wally is so difficult! We loved him and have so many great memories of our fun family times. Wish we could attend the service. It would be so wonderful to see you, but travel is not possible for us at this time. You are in our thoughts and prayers. Love, Judy and Conley Newby

Thank you to Tim, Mark, Cindy & Matt for speaking at your dad's funeral. Which we watched online. I know it is hard to see him pass on even though the last years were not the best. I have so many great memories of Wally. Of course, the hunting trips to cabin and working with him. I always remember most the family gathering at Grandma Henard's house. Wally & Lynn would always tease my dad. Then there was the infectious laughing. I know Wally is in a better place now and the brothers and sisters are together again.

That was a lovely service for Wally. We loved hearing the stories from the family. What a hard working, wonderful man he was. He had quite a life. The kids singing was precious. Arms around the entire family. We hope you all find comfort in the memories you have created together. We love you Mattie.

Margene, Tim, Mark, Cindy, Matt and family. It was a beautiful funeral and a great tribute to a wonderful man. What a great legacy he left. Wally was very special to me and I have many fond memories of times spent with him and dear Margene. I wish I could have been there in person but I send you all my love. Joannie
