

Walter "Wally" H. Josephs

December 31, 1938 ~ January 23, 2021

Wally and I drove School ■ together. I have known him for 9 years. We were doing Fox Hollow together. Met at IHOP with other drivers sometimes on Fridays when time permit. We did some field trips and onetime we went to This is the place monument. We were walking accross the parking lot I said,Wally watchout! Just as a parked Utility Truck with trailer started to roll towards us with no Driver in. They forgot to set the parking brake. It missed us but crashed into 3 parked vehicles. Parking lot was on a hill. We were safe. We had some good times,some good talks. Was and is a good man. We love you Wally!

Mr. Wally was my bus driver. He was especially nice to me and my sibings. Although he was closet to my little brother. My brother's name is Shekinah, and Mr. Wally would pronouce it "Sheniya". He was a sweet and loving soul. My deepest condolences to his family. He was a blessing in my life and in many others.

We are neighbours and friends of Roland and Goldie in Temple View. Wally and I served a Labour Mission together. He was one fine man, always fair, humble and a loyal person. We were staying at Nephi during covid and regret we did not visit, even if it was from a distance. Though we did not have the privilege of meeting Wally's family, please accept our aroha at this time. na George and Hine Chase and whanau of Temple View.
