Walter was in Germany, when I was born in 1951. My mother Gretel Finnäs was his Cousin, never knew he was so close to each other and never met in their life. I did and spend some time with him, Randy and Eric, never forget. Rest in peace my dear Walter, you will be always in my mind and heart.

Dear Family, I only met Walter once, but the sense of family was strong, and I was impressed by his unique personality. The world has lost a beautiful soul. My heartfelt condolences go out to you all. With warm regards,

Sorry to hear about your dad Randy. But as we all know the day will come for all of us to return home. From reading about your dad sounds to me he was a great men of statue. I see a lot of you in him. Take care my friend
