

Wayne Clark Peterson

October 16, 1936 ~ May 31, 2025

We are so sorry for your loss. Sending love and prayers to you and your family during this difficult time. His memory will always live on in your hearts. ♥■

- Tyler & Emily Graham

Clark was one of a kind in the mechanical world. He was honest and fair, and could tell a great story.. You knew it would be fun , if you had an Olsen and Peterson job.

- Brad Keller

We are sending love and prayers for your family in such a difficult time. Wishing you comfort and peace as you remember and look back on his incredible life!

I have to ditto all the great comments above. Clark was as genuine as they get and an absolute pleasure to work with over the years. Annette, we are so very sorry for your loss. We consider ourselves blessed to have been able to connect with you and Clark in St. George for dinner and a great visit last month. God bless you and your family!

I was sorry to hear this. I worked for Clark for 25 years until I moved to Colorado, He was a Great man. My condolences to Annette and His Children. RIP Clark.

- Mike Frampton

Clark was an excellent engineer, always willing to help others. A friend & I started a small Mechanical Engineering firm in 1979 and Clark was always willing to share advice. I enjoyed his cowboy poetry and stories on many SMACNA jeep trips. He will be missed.

Annette, I don't know what to say, I only know that Randy, and I are so happy that we got to meet you, and Clark through the Model A. Club. It was always to nice to see both of you at our get togethers. I remember so many outings where we got to know each other better. I'm so glad that you became the driver, and still participated in the car events, and attended meetings. I know it was because of your love for Clark, and we benefited because we got to see both of you. I will always remember Clark's smile.

- Randy and Kathy Christiansen

I am so sad to hear of Clark's passing. I was lucky to meet Clark and Annette in recent years and I looked forward to seeing them both each time. I loved reading this obituary and finding out more about Clark. Annette you are in my thoughts and please let me know if I can ever do anything for you. Sending you all the love, Caity

Oh no. I just found out about Clark's passing and I am very, very sad to hear. Clark was a legend in the engineering world in Utah. He was deeply respected as an engineer who really did think outside of the box. And if you knew him you instantly felt you were his best friend. He had that way about him. I was so lucky that as a youngster he allowed me to work for him. He was a mentor, leader and friend. Cherish your dear friends because you never know when you'll never see them again. I'll never see him again because I'm sure if there is an afterlife I'll never make it to his level. Thank you Clark. We will all miss you.
