Dear Denise & family, I was very saddened to hear about the passing of Wayne. We were very fortunate to have your family as neighbors in Houston. I remember Wayne as a good and honorable man who loved his family! May your faith and loving memories get you through this difficult time. I send my deepest condolences and sympathies to you and your family!

Oh my heart goes out to each of you with this tremendous unexpected loss! I remember your dad the way you speak of him...He was a man of integrity, and I remember his friendliness when he talked with me and others. I love that I can see little bits of him in each of his children. I'm so sorry that you will be without him for a time, and how early it seems to have come. We love you all and will be praying for each of you, especially sweet Denise. May God give you safe spaces in which to grieve, and help comfort you when you need it most. I pray you will have opportunities to connect with one another, and feel his spirit too, along with the Savior's healing presence. We love you all!!

Denise and family. I'm so sorry to hear of Wayne's passing. I had the opportunity to spend many days with him in Tucson with his physical therapy treatments. He is probably one of the hardest workers I've ever come across in 38 years of being a therapist. He had an amazing spirit and was he very good person. You are all in my prayers.
