Wendy was a sweet and wonderful person. She was a friend to everyone. She would always talk with me when we saw each other at work. She would always be kind to my mom and myself. She would tell me about trips and special times. The love of being around friends and family every chance she had. Cherish all the memories and moments you have been able to share with her. This is something I am still and will always do with my own loved ones. This is something we can carry with us forever. It helps us feel that they are always close by. Helping us always even when we can not see hear there voice or give them a hug every moment. It helps me to know this with my own loved one. The ones still with us and those who are not anymore. My love goes out to all of you. She will be missed by all.

I have no words, none. I just saw you a few months ago so full of life... this is just not fair. Things that all of us in that "crowd" know it will never be the same without you. I will miss your antics, your wit, and sarcasm...

The world lost a very special lady, and very kind hearted person,. I called my good friend! She was an amazing mother. I always looked up to her, devoting all the time she did to the kids school from kindergarten all through high school. I great wife, she loved Dave so much..like to peas in the same pod. The worlds beaches will miss our friends foot steps. Sure love you Wendy!

To Dave, Davey, and Heather, I just learned of your mom's passing. I am totally heartbroken for you. She has been cutting my hair for over 28 years. You are her world. We would always talk about you and your successes, challenges, vacations, adventures and your lives in general. I would usually always know what the next trip was. I made my appointments when she was town. I will miss her dearly. I offer you a measure of comfort in knowing that you were the most important people in her life. This period of separation will be painful and long but you will have a joyful reunion one day. I offer my heartfelt condolence for you. Steve

Dave, what a beautiful obituary. You definitely summed up the essence of sweet Wendy Sue. She loved her family to the moon and back. Wendy was so proud of her babies and all of their accomplishments. I got to watch them grow and become amazing adults. Wendy did love to travel, and I am so glad. Her trips to Texas were legendary; we always got into trouble. Only to be topped off by our time in New Orleans. My children are so sad that they can no longer razz Aunt Wendy Sue and get her famous bowl cuts and no more perms for me. Matt is going to miss his Jr high friend and long time prank buddy. Those two really knew how to get each other going. I love you Wendy. You are my best friend and I'm going to be lost without you.

I will miss my long time friend. We would joke about her being my niece not my niece but my niece. Wendy always gave me the best hugs and I love you. When Davey brought her over to meet us for the first time we instantly fell in love with her. She loved teasing my kids when they were younger and became thier friend when they grew into adulthood. I was lucky enough to be the babysitter to little Dave from 6 weeks until he was 4. Wendy loves her kids unconditional and Davey was her entire existence. She wasn't just family but you're best friend. Wendy i just have one question for you. Who's going to cut my hair now?
