Wendy Walker Beall

June 4, 1940 ~ March 27, 2023

I am sad to know that my cousin, Wendy, has left this world. She was my friend when we were growing up in southeast Idaho. I will remember Wendy's love and style with great appreciation for having her in my life. I send my sincere sympathy to all the family. Linda Lee Bohane

Wendy was always so kind and sweet to everyone. Such a beautiful person. She will be missed by so many. So sorry for your loss.

Shannon, Rachel, Robb, and Tori: I was so sorry to hear about your dear mother's passing. I have so many memories of your mom, your dad, and your entire family. Growing up on Yale Avenue in the era we did was magical in so many ways, and Wendy was an integral piece of the fabric of that unique time, place, and community. I have vivid memories of your mom as a cub scout leader — including making some of the first videos with a video camera I'd ever seen — videos about Daniel Boone, lip-syncing Beatles songs, etc. Wendy always welcomed us as Robb's friends into her home and put up with a lot of antics and juvenile behavior that I'm sure tried her patience and long-suffering. I have memories of overnights, birthday parties, your dog, Winston(?), and the Beall household always being a place where we were welcome, embraced, and loved, no matter what. Your family and your mom were important influences on my young life. While saddened that the world no longer has the bright light of Wendy Beall, I am also immensely grateful for the light and joy and laughter that she brought to so many. It was so wonderful to join the service online today. I and my family send our deepest love, condolences, and prayers of peace to you all. God speed, Wendy. Thank you.

When we think of Wendy, we see a gorgeous and classy woman walking around the neighborhood with a parasol so that she would keep her skin ageless! Went we think of Wendy, we think of someone who loved to chuckle!

When we think of Wendy we think of her warmth and interest in other's lives. We picture her as a fixture at the organ on Sunday, and piping out the most beautiful sounds. We loved Wendy and Bob so much. Thanks for publishing the funeral for us to hear. We were out of town with family and were so sad to miss the honoring of one of our favorites. Much Love.
