

Diane Price Harris

July 11, 1937 ~ May 30, 2020

Uncle Ted, Linda, Julie, Lisa, Mark and families, I am sad to not be with you today, but please know my mind is busy remembering visits with Aunt Diane and all of you. The beautiful photo you chose of the young Diane reminds me when I first met her--my handsome Uncle Ted's beautiful girlfriend and bride. The young couple came to visit California family and I remember we all got to go to Griffith Observatory because Diane was a fan of James Dean and wanted to see where Rebel Without a Cause was filmed. About age 9 or 10 , I was elated that I got to go along--my first visit to Griffith Park . I quickly became a fan of this new aunt, with her ever-present smile, fun laugh, and cheerful and kind encouragement for everyone. May you all be comforted with sweet memories. XO Annette

I was so sorry to hear about Diane. She was a very special friend. I enjoyed the time we spent in the Snoopy Kindergarten. We had many laughs during that time together. Like the time I sent a child over to her so she could smell if he had had an accident because I couldn't smell and the children were all holding their noses. . She said, "Thanks a lot, Joan!" And the answer was, "Yes"! Another time a child said that her favorite food was cat. Diane said, "What???" The child said, "You know, meow!" She was always very gracious and loving. She will be missed.
