

William Dabney Stuart III "Bill"

November 17, 1937 ~ January 28, 2025

My thoughts and prayers are with you and your families at this time. I only got to see him a few times in our lives but he is still very special in my memories. He always seemed to be the jokester. I wish you all the best! Love always.

We are saddened by the loss of this wonderful man who always exemplified true love towards others. He is forever my Uncle Bill, full of hugs and smiles, willingness to help and love me no matter what stage of life, or circumstance I was faced with. He was fiercely protective and loving to his dearest Ilona. I treasure the memories of times we spent together and look forward to seeing him after this life.

Our condolences for Bills passing, may he rest in peace. We always enjoyed his company, his humor, the traveling we did together and the meals we shared.

Bill will be greatly missed. He was a kind, funny, loving person. His wife Ilona and my wife Erika are sisters. We knew Bill from the time that he and Ilona became serious about getting married. His love for Ilona was deep and obvious to all who knew them. We have many good memories of the times that we spent together with Bill and Ilona. We send our love and sympathy to all of the members of Bill's family.
