Ferrel, thank you for your goodness and kindness. You were a creative genius and your gentle manner will be missed. May you rest in peace.

My sadness knows no boundaries right now. I loved and admired Ferrel…cousin Tom, and he knew it. His wall hanging, a sculptured farmer holding a shovel and cut from barn wood, was a center of interest at my office as I worked 20 years for the Utah dairy farmers. It now hangs in my home in a prominent spot. Ferrel was so gifted and creative! I love, love that work of wood! I only wish his last visit could have been longer on that Saturday, December 21, 2024; I was due for picture taking for my 90th birthday. Tom deserved more talk time but he left with a plate of cookies… so my remorse lingers.

Uncle Tom as well as countless others put hours and hours of love into The Eureka holiday house. I hope you realize how much joy it really did bring. Speaking on behalf of one of the 27 Thomas grandkids (uncle Toms nieces and nephews) this place held such fun and happy memories of a sliver in time with our family. From a fireman pole that scared me to death to go down, to cubby holes, hiding nooks under ping pong tables, checkerboard tables, or basketball in the gym. I think we often think servicing people is only about giving money but the thousands of hours we’re an huge donation to provide an entire generation of happy memories with cousins in a place of wonderment. Thank you for sharing your craftsmanship as a service to your family and community.

We know Brother Thomas was a great man, because his daughter Tara is a kind, charitable, and amazing person. We send our sincerest love and condolences to the family. May God bless you with peace during this difficult time.

I worked along side Ferrel in Eureka, creating a Grant for the Tintic Mining Museum. I enjoyed working with him and getting to know him. I admired his contributions and was saddened to see him leave the area. May he rest in peace.
