Dad, You are the best father that I could've asked for my mentor and my best friend. When I wasn't with you, I could always call you in the morning and have coffee and talk and ask for advice on anything I will miss you so much my heart is broken. You were the great man I ever know. I'll see you one day again please be waiting for me .your son Bill

I am going to miss you so so so much. You were such a fun loving person to be around. You always made people, laugh and smile when they were with you. I loved hearing you and bill laughing almost every morning. When he had a problem he would call you and between you and him it would get done. You were a wonderful father in law that always tried to make me feel special and included in the family. I loved All the stories you told me especially towards the end. Fly with all the angels and watch over all of us down here. Love you Leslie p.s I will take care of your son.
