What a privilege to know this very kind man. Just a short time ago, I saw him come to Church services early and go through the chapel to pick up papers and trash to make the area clean for those coming to worship. He always had a pleasant manner and a friendly way of speaking to me. I will miss seeing him.

Bill was one of the best guys I know. Always smiling and give his little pinkie handshake. I will miss him on the back row. Margery all my love. You have been a great wife and mother to all Bill loved.

Marjorie, Scott and Audrey, i'm sorry to hear about the passing of uncle Billy. I have many memories of hunting and fishing when we were kids with Billy, he was a very good man and served a great purpose here on earth. I am very sorry for your loss. Kelly.

Bill was so friendly & lovable! I remember a delicious Sunday dinner, prepared by he & Marge, followed by an afternoon of games at their house. I also remember how comfortable he was at Carter get togethers, helping in the kitchen preparing food. I think he was making guacamole at one family party in Dee & Nadine's kitchen. It was a pretty darn good dip & he wasn't about to keep it to himself. Before I knew it, he was feeding me a big chip loaded with his delicious guac on it!
