Dear Barbara and sisters, I was so saddened to learn of your Father’s passing. My heart aches for you but I am so glad you have your faith and each other to lean upon. Never forget you have friends that love you. I wish for you that peace that passes all understanding. With love and friendship., Kristin

Sorry for your loss. The funeral was very nice and paid nice tribute to you Dad. I learned something about your Dad’s early life that I was not aware of. Sorry I could not be there in person, I was in St. George with my Mom for Christmas and into the New Year. Jim Brown II
