

William Rex Boren

January 6, 1929 ~ August 15, 2025

Bill was a great example to all of us. I learned much from simply watching him.

- Brent Hatch

I grew up in South Ogden on Kiwana Drive two doors from the Boren's. I remember Bishop Boren well and always knew he loved everyone in the 60th Ward. I loved the Boren family and appreciated their good influence in the neighborhood! May God bless you all!

- Janet Hatch Eastman

Regardless of how long we lived on earth, it's always difficult to separate for a moment. Please, accept my condolence. May his gentle soul rest in the arms of the LORD.

- Beam

My father, Cal Crump, and Bill were best friends at Bingham High School. They were classmates in the Bingham Class of 1947 and played football, basketball and baseball together. They would develop a life-long friendship, not only among themselves, but with numerous other members of their class and of Bingham Canyon. Over 70 years after his graduation, Bill was still meeting with classmates on a regular basis for a Golden Corral luncheon. Since I loved the history of Bingham Canyon, my father invited me to come to these lunches where I could learn about the glory days of Bingham Canyon from Bill and his fellow Bingham Miners. At first, I could only go to lunches during the summer months when I was not teaching at Bingham High, but later after I retired in 2014, I could attend on a more regular basis. Even after my father passed away in 2016, I was still invited to Class of 1947 gatherings where I continued to enjoy their company and felt right at home as a stand-in for my father. Bill loved Bingham Canyon and the people who lived there and had so many interesting stories to tell about his life growing up as a Bingham Miner. A year ago, I received a call from Bill who was so excited that his life history book had recently been published and he wanted me to have a copy. I felt honored that he would think of me and enjoyed learning more about his life. My life has been made richer knowing Bill Boren, one of Bingham's greats (a 1985 Bingham High

School Pay Dirt Club-Hall of Fame inductee) who has made so many amazing contributions to not only Bingham Canyon but to the entire state of Utah. Scott Crump
