We met Bill 5 years ago when we bought the house next door. We learned pretty quickly that he was quite the character and it didn’t take long for he and Vince to become good friends. He will be missed but I know we’ll meet again on the other side. Rest in peace.

I met Bill when I was in high school and he was at USU before his mission. He had a motorycle up there one weekend and I rode with him the first time up Logan canyon sans helmets or other protective gear. It wasn't until 50 years later that I rode with him again. I will always cherish the hours I spent behind him on the bike in Yellowstone, over Bear Tooth Pass, on the road to Cody or Bozeman and in the canyons of Utah and Arizona. I know he's in a better place with those he loved who had passed before him.

Dear cousin Pam, and all Bill's family, Happy for Bill that he figured out how to avoid a nursing home! I send condolences because it is just not easy to say a sudden good-by! I remember Bill from when had the car dealership in Price. My mom, his aunt, Barbara Merrill, was driving from Salt Lake to Louisiana for a family emergency when her car broke down. She somehow called Bll (this was pre-cellphone days) and he came right to the rescue with a replacement car. Did not hesitate. Just helped her out in her true emergency. I have always loved him for that. All the best to my cousins, Barbara Jean (Merrill) Cruikshank Anderson, Indiana

We were friends and neighbors to Bill in Ashton. He was fun to listen to and hear about his great adventures. He let us keep our boat in his garage for the winter. Would someone from the family contact me? I would be glad to keep an eye out on his home, just as we always did. 208.541.8894

I’m so sorry about Bill. He was supposed to come to California to visit when I noticed Tiffany’s mention of the accident on FB. I knew Bill over 50 years and we kept in touch. I helped him decorating his home in Arizona. He loved his kids and friends, I’ll miss you Friend, until we meet again, Lorraine Anderson

I met Bill attending the Singles Ward in SLC in the early '90s. I had the opportunity to go on bikes with him, one to Canada. A funny story...he would say, "We could get married and you wouldn't even have to change your name." He was a good guy deep down, and loved his family and the Church. He often said he could never deny the Church even though he struggled living the principles. So glad I got to see the services by video. I will miss our talks. See you on the other side, Bill.❤■

I love you sweet friend. I know you are happy now to be on the other side of the veil. I know Ron was there to give you a big hug. So grateful for the many talks (happy and sad ones), laughs and just being silly. You are amazing, it has been a pleasure to know you. Love Areil
