

Carol Koelliker

September 5, 1945 ~ May 2, 2020

Carol wasn't just a perfect angel. She was better! she allowed always our group of friends to hang at their house. She only allowed safe activities for our group of friends. She was the best combination of fun and stern. We all respected her she went above and beyond to include Tami's friends as if we were family. That is what i felt when i was in their home.

Sending all of you my love and condolences. What an amazing person Carol is and such a beautiful example of the kind of person I aspire to be.

I was very sad to hear about Carol's passing. I worked with her at Pegus Research and she always brightened the day. She was so compassionate and caring. She will be greatly missed. ■

Carol was such a friend to me and my family from Irving and South High a classmate, Penny and I reacquainted with Carol when we moved into her Sugar House neighborhood she and her family became part of our family. To her Kids and grandkids she was truly a Child of God. I will personally miss her smile and friendship

To be under the tutelage of Carol and sit at her knee for Gospel learning and application was indeed a privilege. She always taught that all women are mothers, if not biologically, then by virtue of their nurturing sensitivities. It is fitting that Mother's Day is just around the corner, because I always think of her on that day. I will miss everything about Carol.

We pray that all those who will miss her be comforted in the knowledge that families are forever and this life is not the end.. Keep the memories of Carol close to your heart & she will be with you always.. Love Always, Julie, Debbie, Richard, & Scott

Carol, an angel if there ever was one. Serving with her was wonderful and visiting with her…enjoying her unique mix of humor compassion and unlimited ability to love. To her wonderful family… Stay close, remember her and try your best to be like the great lady she is. Love Joe

I love Carol with all my soul. I can't believe she's gone. She's one beautiful angel.

We express our deep sorrow and condolences at this time of Carols' passing. She was my Ob/Gyn office nurse for many years. She was kind to every patient and showed love and concern for each of them. She was very loyal, hard working and knowledgeable. The office staff and the other nurses and the patients families really benefitted from her calm, kind , caring nursing care. She had strong faith in the gospel and the Savior and we know she is at peace now being back together with her beloved mother and father. Until we meet again, much love, Dr Dennis Hughes, Nancy and family.

Carol, you were supposed to live forever. Oh, how I love you!!! I am so thankful for the memories that will last forever. A classy woman, devoted, loyal, loving, long-suffering, kind, intelligent, and beautiful in every way. I look forward to the grand reunion in heaven where we will one day all meet again. May God and all the angels in heaven

surround your family with love at this difficult time of parting. Heaven bless you, dear friend. They probably already have you busy at work in the guardian angel department, a job you know all so well, but now you will be loving and blessing the ones you love from the other side of the veil. Love you and your family!
