Dear Craig, Jane and Danny, It was such a pleasure to have known Yolie as a dear friend and neighbor for so many years. We could always make each other laugh, and I have wonderful memories of the time we spent together. I loved her dearly and think of you all as family. We will miss her!

I had the great pleasure of serving as Yoli’s visiting teacher during the 1990s. She regaled me with tales of foreign adventures, extensive missionary work and just plain fun! Such a joy to share her enthusiasm and excitement for life. Such a gift to me… love to you, ann
