Yvette and I grew up together, we lived in the same neighborhood and went to same schools in our much younger years. As we get older we move on with our lives and lose touch. Yvette always was beautiful. I will send prayers to her and her family.

Yvette was a great source of strength in the workplace. She was the best at helping us develop ourselves as individuals regardless if it was about the 'work.' I am thankful to have come under her care while at WGU. You don't forget people like Yvette. I am grateful for her.

Yvette was such a bright light to her colleagues and friends. I was fortunate enough to learn from her at work and feel her contagious enthusiasm for life and professional development. She will be missed greatly by many, I'm sure. I just feel so lucky to have been able to know her – even just at work. Thank you for all you've done for me, Yvette!

Yvette's dedication to helping people shine was evident in every interaction with her. She had a way of bringing people up and making them want to do the same for others, causing her positivity to ripple out in waves and impact far more people than she ever realized. May her legacy live on in others as we continue to pass along her love and support.
