Rest in peace, Zandra.♥■❖■ Thank you for all our meetings and happy time together when we went to school in Stavanger. At that time you lived with my family in Grødem for a short time. I will always remember you and I hope the best for your family in this hard time without you. Greetings from Norway ■■. Anne Ingunn

I love Zandra so much and her family. She was always very welcoming to me and took me under her wing during my younger and teenage years. I spent a lot of time with her and her family and I even babysat her children. We had a lot of fun together. She always had a laugh and a smile. And she did pull some pretty good pranks. I love her and I love her family. I wish them much comfort and peace at this time. Thankful for so many wonderful memories. Love, Christine

Although I haven't seen or spoken to Zandra in a long time, I have thought of her often over the years. She was a true friend who was always there for so many people. I am grateful to have known her and her family. So sorry she is gone too soon. She had many sweet and endearing family traditions and I am grateful she shared one with me that I carry on each year with my family...her Christmas bread. Thank you Zandra for being an example of unconditional love.
